Church in the City (CITC) is an urban church located in downtown Toronto. **Our Mission:** An urban church centered in Christ, providing vibrant community, a safe place to grow spiritually, and opportunities to serve others with compassion and reach those who don't yet know Jesus.

We are passionate about planting neighbourhood campuses throughout the downtown core and currently have two campuses at CITC. Our congregation is roughly 100-200 people representing over 35 different countries. This position represents an opportunity to reach and disciple the people of our churches, our communities, and to develop a vibrant and growing worship ministry.

Our main campus is a store front location, in the **St. Lawrence Community**. We experience foot traffic from thousands of people every single day. We are very involved in our community and connected with all three of the schools in the St. Lawrence neighbourhood, we have relationship with many of the local surrounding businesses, and we support our local Toronto Fire Station 333 and Toronto Police Division 51. The St. Lawrence community has people from all economic backgrounds and is also well known for the famous St. Lawrence Market.

Our newly planted campus, **Church in the Canary**, is located in the Canary district. We have already established our campus in the neighbourhood, building great relationship with George Brown College and the Wigwamen Housing. We want to continue to build relationships in our neighbourhoods and continue to run and create ministries/programs throughout the week. We want to reach our communities with the gospel, see new salvations for the Kingdom, and create disciples.

VISION:

*Making Christ known
in the St. Lawrence,
Canary and
surrounding high-rise
communities.*
