Young Life is a Christian mission loving teens in their world and encouraging them ton know Jesus Christ. We go to where kids are & build personal relationships with them. We provide fun, adventures & life changing experiences. We do this working alongside like-minded adults who believes every teen has the right to hear the Gospel.

Placement Information

Please complete the following information about placement opportunities

How many placement students would your ministry be looking to host?

5

What department would a student be working in? ex. pastoral, children, youth, worship etc. *

Youth or pastoral

Please give a brief description of what a student can expect and possible responsibilities. (i.e. When does your ministry meet? Are the students expected to attend your church? What responsibilities would they have?) *

Staff meet weekly. twice a week for spiritual direction & encouragement and also for any planning that may be needed. In addition, staff would work both in an office setting and also in the world of kids by going to the schools and building relationships with teens & school staff.

How many hours of work per week should the student expect? *

Dependant on what is needed - we could offer from 5 hours a week to 30 hours.

The responsibility of Placements

Vanguard College desires for students to gain experience and guidance through their placement and by receiving one on one mentorship.

I understand that there is a great responsibility of the Ministry to provide guidance and one on one mentorship to the student(s) in a placement *

- Yes, we can provide that
- Sorry, we cannot provide that at this time

Please share a little about how you plan to support and mentor a placement student(s) for the duration of their time with your ministry *

Each student would be paired with an experienced staff person who would oversee the student and the rest of their team. We would welcome the student well into the community of staff & volunteers, encourage them in their role by focusing on their inputs rather than their outputs. We would provide a structure for the student that will lead them well but also create opportunities for the student to lead on their own with support being available to them if needed. There would be a focus on spiritual disciplines and formation, leadership skills and discipleship.
